The Taxpayer Advocate Service (TAS) will be available to assist taxpayers in person with tax problems they have not been able to resolve with the IRS. Our goal is to provide one to one guidance and direction on next steps to resolve your issue. If your tax problem meets our criteria, we'll assign a Case Advocate to work with you to resolve your issue.

TAS is proud to join Representative Alma Adams (NC-12) to provide her constituents help with federal tax problems. If you have a question about a federal tax issue, have been unable to obtain the help you require or are facing a hardship because of the way in which the IRS is either taking or not taking an action, stop by and talk with us! Our services are completely free and our number one priority is to serve as your voice at IRS!

The Taxpayer Advocate Service is an **independent** organization within the Internal Revenue Service that helps taxpayers and protects taxpayer rights. We help taxpayers whose problems with the IRS are causing financial difficulties, who've tried but haven't been able to resolve their problems with the IRS, or believe an IRS system or procedure isn't working as it should. And our service is **free**.
